

Walking Parent Permission

The following form is intended as a “blanket” permission slip for curriculum, or sport related activities within a single day. Some examples of how this may be implemented are: a science trip, a math trip to a store, a French cultural tour, a social studies mapping assignment, a cultural visit to a local facility, cross country running on local trails, or a PE run around the block etc.

I grant my child permission to participate in supervised walking field trips within a radius of approximately 5 km of the school site throughout the school year.

This permission form will be kept on file until your child leaves this school.
