

NETWORK PARENT PERMISSION

(Digitally read and agreed to using Student Connect and filed electronically)

As the parent or legal guardian, I grant permission for my son/daughter to access the SD83 Wireless Network. District personnel may inspect the device and its contents to ensure compliance with School and District codes of conduct, policies and guidelines.

I have read and agree to comply with the terms and conditions of **Policy 122 - Digital Citizenship**.

“By bringing personally owned devices to school, students and their families accept that school authorities may inspect the device and its contents to ensure compliance with school and district codes of conduct, policies and guidelines, including the Student Acceptable Use of Technology Agreement and the requirements of the Provincial Learning Network (PLN).”

NOTE: It can take up to 12 hours to grant access to SD83 network once both the Student User Agreement and Parent/Guardian User Agreement are agreed to.

This permission form will be kept on file until June 30th of the current school year.
